

CNF Technologies Receives GSA Schedule

26 August 2009

SAN ANTONIO – **CNF Technologies**, a San Antonio based systems engineering company, announced today that it has been awarded a United States General Services Administration (GSA) Schedule 70 contract, number GS-35F-0662V for IT and Systems.

The five-year contract enables CNF to be listed on an approved GSA Schedule to provide Federal government customers with information technology and systems engineering consulting services.

Government agencies wishing to obtain information about CNF Technologies offerings can go to the GSA Advantage web site at: www.gsaadvantage.gov and searching for Contract Number: GS-35F-0662V or by contacting CNF at info@cnftech.com or (210) 957-2800.

About CNF Technologies

CNF Technologies is systems engineering company offering a myriad of solutions in information assurance and cyber operations enabling government agencies and commercial companies to identify, understand, and mitigate security risks; assess and assure network and information integrity; and ensure compliance with DIACAP, NIACAP, and FISMA, as well as HIPPA, GLBA, Sarbanes-Oxley, and other regulatory standards.

Since its founding in 2005, CNF has utilized their expertise to deliver unparalleled, cost effective results and unmatched customer service. CNF personnel have decades of experience in network defense, intrusion detection, and incident response, as well as designing, managing, operating, and sustaining enterprise level systems. Clients include the Department of Defense, U.S. Air Force, AF Surgeon General, AF Information Operation Center, and 24th Cyber NAF, and Department of Veterans Affairs. For more information, visit CNF Technologies at www.cnftech.com.
