CNF Illuminates the Streets to Support the Leukemia & Lymphoma Society

SAN ANTONIO OCT. 1 2016—CNF employees, family, and friends proudly participated in the annual Light The Night Walk hosted by the Leukemia & Lymphoma Society (LLS). The LLS is dedicated to funding research for cures and to ensuring access to treatments for all blood cancer patients.

The Light The Night Walk is a fundraising campaign that brings the community together for an exciting gathering at La Villita Historic Arts Village followed by a stroll downtown while

illuminating the night with the LLS signature lantern. There are three colors of lanterns carried during this walk: the white, to honor survivors, the red to support patients and finding cures, and the yellow in remembrance of those we've lost. CNF exceeded its goal raising over \$1,400 and is looking forward to increasing that amount next year.

About CNF Technologies

CNF Technologies (CNF) was incorporated in 2005 as a small disadvantaged business. Since inception, CNF has been providing the San Antonio cyber workforce with distinguished careers, professional development, and continuing education benefits. Fred Ramirez, Founder of CNF is dedicated to customer mission success, employee fulfillment, and giving back to the San Antonio community. CNF has a dedicated community outreach program with an established scholarship and internship program at a local university, a partnership and cyber camp with a local high school, and an annual donation drive to give to underprivileged children.

“At CNF, I believe our employees are our greatest strength and I take a personal interest and focus on ensuring their personal and professional growth and advancement. Without their expert knowledge, dedication and passion in everything they do, we would not be able to support our client's mission.” – Fred Ramirez, Founder
