CNF Amongst SA's Largest Cybersecurity Providers

SAN ANTONIO 8 Dec. 2017 – CNF ranked number two overall amongst San Antonio’s largest cybersecurity providers, moving up from number four the previous year. Companies were ranked by the San Antonio Business Journal (SABJ) based on the number of local cybersecurity employees. Closing in on the hundred marker, CNF has made tremendous strides by more than doubling their employee count, expanding customer presence, and achieving above 30% growth over the last three years. In June 2017, CNF was recognized amongst San Antonio’s fastest growing companies during SABJ’s Fast Track awards, and exclusively featured in October 2017, as one of San Antonio’s longest-standing cybersecurity providers.

CNF’s CEO, Roxanne Ramirez commented, “San Antonio has long been recognized as Military City USA and more recently, Cyber City USA. Our city is continuously and rapidly growing, especially in the cyber domain. With well over 100 large and small cybersecurity focused companies, it is a great honor to be recognized as the second largest local cybersecurity provider. As we continue to grow, it is vital that we maintain our employee-centric culture, providing excellent benefits, competitive salaries, and professional growth. Most importantly ensuring that our employees never become numbers. We recruit and hire the best, respect and honor our team, and continuously meet or exceed customer expectations.”

Over the last five years, CNF has maintained an impressive and well above industry standard retention rate at 95%. This consistency and longevity of employees ensures on-time deliverables, superior situational awareness, and continuity of operations.
