CNF Amongst the Largest Cybersecurity Providers

SAN ANTONIO 16 July 2018 – The San Antonio Business Journal once again recognized CNF amongst the largest Cybersecurity Providers in the city. A well-known hub for all things cyber, San Antonio is referred to as Cyber City USA. Both the Government and Civilian sectors are thriving and generating an enormous demand for cyber professionals. The city is filling this demand by equipping and promoting tomorrow’s cyber professionals through Cyber Patriot teams, an abundance of universities providing top-tier computer science (CS) degrees, and a nearly endless number of transitioning veterans. CNF is a well-known employer of choice providing hundreds of careers to cyber professionals, scholarships to aspiring CS majors, and partnering with SA Works and local high schools to promote and develop students as they prepare for college.

About CNF Technologies

CNF is an award-winning full-spectrum cyber operations, systems engineering, and research and development firm, founded in 2005 and headquartered in San Antonio, Texas. CNF is recognized as one of San Antonio’s largest and fastest growing cybersecurity providers. We are a well-known employer of choice and trusted Government services provider in developing, testing, fielding, sustaining, and employing Cyber weapon systems and technologies for Offensive and Defensive Cyber Operations, Cybersecurity Risk Management, and support to Law Enforcement and Counterintelligence operations. CNF’s signature rapid prototyping capability produces state of the art cyber defense platforms enabling efficient and all-encompassing cybersecurity for small and large enterprises, information, and infrastructure.
